Richard migrated from Chile to Australia in 1969 to learn to speak English and finish his Civil Flying Pilot training. His trip meant leaving his mother, business career, University Electronics Post-graduate degree and his electronic communications engineer position as the only audiovisual systems specialist in the Army.

However, he left, with the same inner love feeling he follows since 7 years old. This inner feeling always made him help people, talk and play with homeless children, feed and talk to those in trouble. This same feeling also guided him to find inner peace and God.

Throughout his life Richard asked Catholics, Protestants, Jews and Evangelist for explanations for his spiritual miracles and human mysteries he experienced from early age including:

- Full recovery from **Acute Nephritis** a terminal illness in 1956.
- **Seeing the image and then hearing the voice** of the local priest, who died in hospital just a few blocks away in 1957.
- Fully recover, from **Polio** (Infantile Paralysis) in 1958.
- **Car accident** Besides shock he survived a lasting injury from a passing truck that hit him on the head in 1964.
- **Near Death Experience** in 1968 after drowning found himself semiconscious on the beach hyperthermic and unable to speak.

Richard promises to do God's work.

In 1975 another profound spiritual, physical experience made him promise to do God's work and start sharing his experiences with people genuinely interested in spiritual phenomena.

In the early 80's he became aware of spiritual patterns, receiving constant spiritual messages, feeling guided to write about them and to compare his knowledge with sacred writings of spiritual people, making him understand spiritual life truths that replaced his beliefs about religious dogma.

Richard's International Achievements

Fighting against following the spiritual path, moved further into business **creating National/International charities community events**; Toyota Los Angeles Pre-Olympic Basketball Games. Mexican Government awarded him "The Plate of International Solidarity" for the Mexico City Disaster Appeal. 1988/9 Richard gave birth to the First Melbourne Waterways Clean up of The Yarra, Maribyrnong Rivers Merry Creek & Bay. His Clean-up success attracting 25,000 people, which Ian Kiernan used as the platform in 1990 to launch the first **Clean up Australia Day**.

Unable to recover from his personal and the business investments required to create the Clean up, his business and life deteriorated. Spiritual experiences finally guided Richard to heal himself via his **MPE Inner Spirit - Life Coaching**, discovering how to get in touch with **true spiritual life**. Feeling unqualified to promote the new spiritual path, spirit repeatedly confirmed the connection of our Mental, Physical, Emotional (MPE) and etheric bodies via:

- **Motorbike Accident in 1990** resulted on Richard breaking his collarbone. Three Angels appeared, picked him up and took him and the bike to the nearest hospital.
- **In 2001 at a spiritual sweat lodge a 20-30 kg rock** fell for about a meter right on top of his head as he laid on the ground, creating only a skin bleeding instead of killing him.

Until **10 September 1999**, Richard knew he had an important job to do in this life however felt uneasy, as something was about to happen unable to sleep properly for 4 weeks, prayed for God's guidance then remembered his 1975 offer to do God's work.
